# Have it made in the shade with our special offers

## SAVINGS FOR A SUNNY DAY

We all love sunny days, but unprotected eyes might not agree. UV rays can cause cataracts, macular degeneration, vision loss and eye sunburn — even in the winter time.<sup>1</sup>

The good news? Sunglasses can easily block 99%<sup>1</sup> of the sun's harmful rays. Good thing you've got EyeMed to help you safely soak up the sun with these special savings.
